

# RED WING STYLE #6819 MEN'S CROSS LITE CHUKKA

**SD** STATIC DISSIPATIVE

**AT** ALUMINUM TOE

**SR** SLIP RESISTANT

This incredibly lightweight, light-duty safety toe chukka brings premium work boot performance to a variety of demanding environments. It features a flexible but stable cement construction and fabric-covered EVA footbed for exceptional comfort over long hours on your feet. The durable full-grain leather upper, aluminum safety toe and static dissipative protection provide yet another layer of confidence on the jobsite. Underneath, the non-marking X-LITE+ outsole delivers best-in-class slip, oil, gas and chemical resistance. This is the ideal solution for laborers and supervisors alike in industries such as warehousing, distribution, service and manufacturing.
